Every day since 1944, the YMCA of Southern Nevada gives our community the support it needs to learn, grow and thrive. From advocacy to food security, disease prevention to athletics, weight lifting to dance classes, everything we do helps strengthen our neighborhood and the people who live here. As a 501(c)(3), we work hard to ensure all are welcome at the YMCA and no one is turned away for an inability to pay.

There is no other nonprofit quite like the YMCA. That’s because in 10,000 neighborhoods across the nation, we have the presence and partnerships to not just promise, but to deliver, lasting personal and social change.
At the YMCA, strengthening community is our cause. Strong communities don’t just happen; they’re the result of steady leadership and stewardship of strong values. That’s the YMCA. We make a difference by focusing on three key areas: youth development, healthy living and social responsibility. By investing in our kids, our health and our neighbors, the YMCA of Southern Nevada ensures that everyone, regardless of age, income or background, has the opportunity to develop.

**COMMUNITY PARTNERSHIPS**
For 18 years, the Y and local municipalities have worked in partnership, relying on the expertise of their respective staffs to provide wellness opportunities for all community participants in state-of-the-art facilities.
